

List of required and possible ways to show need

The following documents may or must be submitted by way of showing need: :

- **Notice of assessment of eligibility for educational aid pursuant to the Bundesausbildungsförderungsgesetz** (BAföG, German Federal Law on Educational Support) that also sets out the amount of such aid (**mandatory**)
- **Self-disclosure* (potentially mandatory)** (a corresponding form can be requested at info@european-flight-academy.com)
- **Explanatory letter (optional)** (of no more than one page) in which the applicants state the reasons for which they deem themselves eligible for aid (e.g., parents without any academic background, sick family member, refugee history...)
- **Letter of reference (optional)** by a person not related to the applicant (e.g., a teacher or coach) confirming the need for aid

* Where persons in need who are not eligible for educational aid pursuant to the Bundesausbildungsförderungsgesetz (BAföG, German Federal Law on Educational Support) are concerned, this is the only way for them to show need in lieu of the notice of assessment of eligibility for educational aid pursuant to the German Federal Law on Educational Support.
